Profile Summary

Full Stack software developer with expertise in Next.js and TypeScript. Experience in infrastructure migrations and refactoring/modernizing legacy applications. Fluent in English, both written and spoken, with experience working in international teams. I'm passionate about games and making cocktails, when I'm not coding something, I'm probably playing a game or studying some mixology.

Skills

- Next.JS
- React / React Native
- JavaScript / TypeScript
- Node / Express

- Python
- Java / Spring
- SQL / NoSQL
- Postgre SQL

- MongoDB, Firebase
- Unit Testing (Jest, JUnit)
- CI/CD
- Version Control

Work Experience

Full Stack Software Developer - Shopee
Apr/2025 - Now

Responsible for creating and maintaining complex cronjobs, also in charge of refactoring a legacy application into Next.js + Python, aiming to performance and scalability. Actively migrating old Python backends into GO applications.

Full Stack Software Developer II - IBM
Jan/2025 - Apr/2025

I led the migration of a complex application to a new infrastructure, ensuring a secure, stable, and scalable transition. Developed a centralized documentation platform to maintain documents and records for all applications we cover. Enhanced test coverage across multiple applications and implemented unit and E2E tests where none existed.

Full Stack Software Developer - IBM
Dec/2022 - Dec/2024

I contributed to the modernization of a legacy application by refactoring its codebase into a more scalable and efficient architecture. I also collaborated with the UX/UI team to create a new user experience, making the application more intuitive and high-performing. Additionally, I led the migration of multiple applications to a new infrastructure, enhancing stability, security, and scalability.

Software Developer Internship - IBM
Jan/2021 - Nov/2022

Responsible for automating processes and developing dashboards for the sales team. Contributed to projects aimed at onboarding new developers. Gained initial professional experience in native Android development for banking projects.

Financial Assistant - Carrera Chevrolet
Jul/2019 - Dec/2020

Payments, Tax calculations, VBA for Process automation

Education

Bachelor's degree in Computer Science - Universidade Anhembi Morumbi   *Jan/2019 - Dec/2022*
Technical degree in Systems Development   *Aug/2017 - Dec/2018*

Languages

Portuguese - Native speaker
English - Fluent
Spanish - Intermediate
